PRIVATE GARDENING EVENTS

Celebrating with customers and colleagues is a smart way to leave a lasting impression. Our in person or virtual garden gatherings help you connect no matter where everyone is based, maintaining that sense of connection and camaraderie.

Each participant has their own garden to put together with a dedicated moderator guiding them through the process. The outcome is healthy bonding for groups of any size that will be remembered long after the event ends. Best part, we handle everything.

Each event is customized to deliver your goals.
We have three themes to our events-

Cut-to-Cocktail

Start with a mixology class and discussion and end with everyone planting their own garden. Either Desktop or Patio Garden.

Patio-to-Plate

Get everyone cooking together and end with everyone planting their own garden. Either Desktop or Patio Garden.

Growing Greatness

Share your company brand, story, and culture while getting a little dirty. Everyone plants a garden together, and conversations around your company key deliverables are the pillars of the event.

Pricing is based on total number of participants.

CUSTOMIZATION

We can add your logo or favorite saying to our planters, to our acrylic garden marker, gift enclosure cards, or to product sleeves. All designed to help you make a memorable impression.

Our products grow good and bring the wellness benefits of garden inspired living to every gift recipient. We go the distance with every order, big and small. We are good with the details. We put our customers first and yours.

I look forward to growing greatness with you.

GROWING FOR GOOD

Gardenuity helps you support the organizations that are most meaningful to you. The program is customized to your organization.

Plant One- Gift One

Plant a garden and gift a garden. Gather your teams, customers, and colleagues together and have each person plant a garden to gift to your chosen charity. Then arrange for a garden to be sent to your event participants home so they can enjoy growing something great.

Gifts From the Garden

A percentage of every garden you buy goes directly to your chosen organization.

GROWING WITH THE BEST

Growing is good. We help companies all over the country deliver truly unique gifts and gifting experiences. Each with a personal touch that leaves a lasting impression, We're helping companies GROW HAPPY connections.

“ "Who knew the Hint Team had so many green thumbs! We had a blast doing some virtual gardening recently thanks to Gardenuity."

“ "A special thank you to Gardenuity for the awesome 'sips and dips' garden. Can't wait to use these herbs in my drinks and dips!"

“ "Celebrating 25 years, employees were able to participate in a virtual garden party completely covered by CCX. So much fun and I got to get my hands dirty,"

ABOUT US

Gardenuity makes gifting gardens and garden experiences simple, seamless, and personal. Our mission is to make gardens and gardening experiences accessible to everyone. **We work with extraordinary business partners who recognize that gifting a growing experience grows personal connections with customers, colleagues, friends, and family.**

Each garden and garden experience can be customized to meet your needs. Our process was designed by those we are growing with, those who know how important sending the right gift and message is for their business.

From outdoor gardens, desktop gardens, garden gatherings, and holiday specials, the Gardenuity team makes sure that every gift giver enjoys the experience as much as those who receive the gifts.

Gardening experiences deliver wellness and well-being. They deliver moments and mindfulness. Your gifts will be remembered long after the gifting occasion is over.

Grow Happy!

Donna, Doug, Julie, and the entire Gardenuity team.

LET'S GET GROWING

It's simple to get started. We can help you choose the gifts you want to give, how they can be customized, packaging options, and the date you want the gifts delivered.
